

MINUTES

CITY OF AUBURN TRAFFIC COMMITTEE

June 15, 2004 @ 8:30 A.M.

MEMBERS PRESENT: Willick, Richardson; Fossum; Holmes; Hale
OTHERS PRESENT: (See attached list)

1. **Public Comment – None**
2. **Minutes:** March and May minutes were unanimously approved. (M/S, Holmes & Hale)

ACTION ITEMS:

3. College Way Traffic Problems

- a. **Extending Loading/Unloading Zone in Front of High School Building**
- b. **Continue Periodic Monitoring w/High School & APD Personnel**

Traffic problems appear to be during specific school hours ONLY. Committee unanimously recommends that we continue to monitor the situation, and not extend loading/unloading zone at the present time. The additional stop sign will be helpful, and there was no negative input from public re the installation of the additional stop. (NOTE: Christman and Depoy were not present at today's meeting.)

4. Permit Parking Lot Limitations – PEO Carini

When asked whether she thought the recommendations as presented will suit the Council, PEO Carini stated she believes they are viable and will work for the public and the merchants alike. Once approved, she would like to monitor the situation, and revisit the issue approximately one (1) year to see if further revision(s) is necessary. (M/S Holmes & Fossum; unanimous.)

DISCUSSION ITEMS:

5. Parking/Speeding in the Area of Racetrack

Fossum's staff tried to get school counts, but were unable to complete the final numbers as yet. Fossum asked that this item be carried over until next staff when hopefully all the data will be collected and ready for presentation. Additional speed limit signs have already been placed by DPW.

6. Crutcher Court Signage: Dead End Street – Fossum

A new "Not a Thru Street" sign is up, so Fossum assumes all is well.

7. Request to Check for Signalization Problems @ Intersections of Borland Ave/El Dorado & @ High/Lincoln – Cheryl Maki/Fossum

When Fossum contacted Maki, she was unsure what her original question was; Fossum updated her on what's been done to date on this issue, and he has been working with the maintenance contractor trying to fix associated timing problems.

8. Directional Sign Request for Maple & Placer Street – Fossum

Fossum forwarded this request to Sonny Harris; Sonny needs to obtain I-80 placard from Cal Trans.

Re the "Yield" sign at the Maple Street overcrossing, Fossum says it is to stay, and he intends to stripe the intersection to further pronounce the right of way for the vehicles turning left onto the overcrossing. He also plans to paint the curbing red from the last house (down from Latitude's Restaurant) to the overcrossing. Committee not inclined to approve/allow changes. Mike Holmes requested a drawing of the intended changes prior to any actual work being done; Fossum agreed to provide same.

NEXT MEETING: Tuesday, July 20, 2004 @ 8:30 A.M.
